Before joining the Firestone Company Bird worked a year with the Veteran's Administration in Los Angeles. Prior to that time he was serving with the 27th Army Engineers, Combat Battalion in the South Pacific. He was discharged in September 1946. He is married and has two children.

**Optimists Hear Harbor Area Chest Leader**

Torrance's bill for services received from the Community Chest is "big," according to Frank L. Miller, Harbor Area director of the Community Chest for Los Angeles.

Speaking to members of the Torrance Optimist Club here Monday evening, Miller said 18 children from Torrance are receiving treatment at the Orthopedic Hospital at the present time, and that the Community Chest is footing more than half of the bill.

He also pointed out that the Scouting program in Torrance received \$12,000 from the Chest this year, and that many other services received substantial help from the organization.

Jack Dabbs, newly announced chairman of the 1951 Chest Drive for Torrance, pointed out that \$106,000 was collected in the Harbor Area during the 1950 drive, and that services to date charged to the area total \$138,000.

"I am convinced that Torrance can be counted on to raise its share," Dabbs told the Optimist members. He emphasized that it would take the cooperation of all the service clubs and other organizations to put the drive over, however.
